**Concert Sponsored by:  
FunMe Events**

**The Jazz in Progress organization was formed for musical and educational purposes to support its mission to advance the appreciation, performance, and history of jazz music and its related genres. Its membership include a variety of very talented musicians from the DeKalb County area. This 17 piece Big Band is well known for the great sounds of lite Jazz, Big Band and great American standards. Basically - they get together to play jazz - they like it, and hope others will, too!**
